

# We can help you have the *greatest impact* on learning, teaching and leading. *How?*

At Corwin, we have one objective: Helping Educators Make the Greatest Impact on Teaching and Learning. We offer a host of research informed, innovative and job-embedded professional learning services and resources to support YOUR school improvement priorities. These services and resources come in a variety of modalities and all have a relentless focus on improving student learning.

## CORWIN Visible Learning<sup>+</sup>

A whole school approach to developing a shared language of learning focused on high impact teaching and leading practices that build learners who know HOW to learn... learners who can self-reflect, self-monitor, self-evaluate, and most importantly, self-regulate.
