# CORWIN Visible Learning +®

# What is Visible Learning+

VL+ is not a program; it is a process focused on embedding continuous learning in the everyday work of educators to make learning visible for all learners. The premise of "making learning visible" is simple yet profound: learning is best when you can see it. When teachers see learning through the eyes of their students, they are able to recognise their impact on the processes and strategies of learning. And when learners become their own teachers, they KNOW HOW TO LEARN, they can self-reflect, self-monitor, self-evaluate, and most importantly, self-regulate.

VL+ helps build teacher and leader expertise to actively help learners understand how to learn and evaluate progress and impact of learning in clear and intentional ways.

### Who for?

Designed for school leaders from one school or a network of schools.

## When?

Negotiable within the time frames noted between modules (see structure outline)

### Cost?

To be confirmed based on participant numbers.

### Christian One-year to multi year options. Click here for multi-year option.

#### Pre-engagement Task

Prior to Day 1 (1 hour)

Watch a video of John Hattie explain the research

Read about the five key themes that emerged from the research

#### Day 1: Evidence into Action

One day: In person or live virtual

Develop a plan to collect evidence at your school to determine the extent to which learning is visible for your learners

### Day 2: Evidence into Action

One day: In person or live virtual

Use your evidence to identify a focus area for improvement and develop an action plan to make learning visible

Gather and interpret evidence

Maximum 6 school weeks

Job Embedded Learning

Job Embedded Learning Implement and Evaluate the action plan

### Optional Service: Prior to Day 1 or 2

#### School Capability Assessment

A certified Visible Learning+ consultant will visit your school (approx. 3 hours) to collect data to determine the extent to which learning is visible for learners and highimpact practices are present in your school. A written baseline report will be provided to help you track progress and measure growth over time.

#### **Impact Series**

One day in person / live virtual or 6 -8 week online course

Workshops for Whole Staff: A variety of multi modal workshops and courses to support further learning depending on your focus area.
